

the International Traffic in Arms Regulations (22 CFR parts 120 through 130) for Schedule 1 chemicals subject to the jurisdiction of the Department of State.

(c)(1) The provisions of paragraphs (a) and (b) of this section do not apply to the retention, ownership, possession, transfer, or receipt of a Schedule 1 chemical by a department, agency, or other entity of the United States, or by a person described in paragraph (c)(2) of this section, pending destruction of the Schedule 1 chemical;

(2) A person referred to in paragraph (c)(1) of this section is:

(i) Any person, including a member of the Armed Forces of the United States, who is authorized by law or by an appropriate officer of the United States to retain, own, possess transfer, or receive the Schedule 1 chemical; or

(ii) In an emergency situation, any otherwise non-culpable person if the person is attempting to seize or destroy the Schedule 1 chemical.

§ 712.3 Initial declaration requirements for declared facilities which are engaged in the production of Schedule 1 chemicals for purposes not prohibited by the CWC.

Initial declarations submitted in February 2000 remain valid until amended or rescinded. If you plan to change/amend the technical description of your facility submitted with your initial declaration, you must submit an amended initial declaration to BIS 200 calendar days prior to implementing the change (see § 712.5(b)(1)(ii) of the CWC).

§ 712.4 New Schedule 1 production facility.

(a) *Establishment of a new Schedule 1 production facility.* (1) If your facility has never before been declared under § 712.5 of the CWC, or the initial declaration for your facility has been withdrawn pursuant to § 712.5(g) of the CWC, and you intend to begin production of Schedule 1 chemicals at your facility in quantities greater than 100 grams aggregate per year for research, medical, or pharmaceutical purposes, you must provide an initial declaration (with a current detailed technical description of your facility) to BIS in no less than 200 calendar days in advance of commencing such production. Such

facilities are considered to be “new Schedule 1 production facilities” and are subject to an initial inspection within 200 calendar days of submitting an initial declaration.

(2) New Schedule 1 production facilities that submit an initial declaration pursuant to paragraph (a)(1) of this section are considered approved Schedule 1 production facilities for purposes of the CWC, unless otherwise notified by BIS within 30 days of receipt by BIS of that initial declaration.

(b) *Types of declaration forms required.* If your new Schedule 1 production facility will produce in excess of 100 grams aggregate of Schedule 1 chemicals, you must complete the Certification Form, Form 1-1 and Form A. You must also provide a detailed technical description of the new facility or its relevant parts, and a detailed diagram of the declared areas in the facility.

(c) Two hundred days after a new Schedule 1 production facility submits its initial declaration, it is subject to the declaration requirements in § 712.5(a)(1) and (a)(2) and § 712.5(b)(1)(ii) of the CWC.

§ 712.5 Annual declaration requirements for facilities engaged in the production of Schedule 1 chemicals for purposes not prohibited by the CWC.

(a) *Declaration requirements—(1) Annual declaration on past activities.* You must complete the forms specified in paragraph (b)(2) of this section if you produced at your facility in excess of 100 grams aggregate of Schedule 1 chemicals in the previous calendar year. As a declared Schedule 1 facility, in addition to declaring the production of each Schedule 1 chemical that comprises your aggregate production of Schedule 1 chemicals, you must also declare any Schedule 1, Schedule 2, or Schedule 3 precursor used to produce the declared Schedule 1 chemical. You must further declare each Schedule 1 chemical used (consumed) and stored at your facility, and domestically transferred from your facility during the previous calendar year, whether or not you produced that Schedule 1 chemical at your facility.

(2) *Annual declaration on anticipated activities.* You must complete the forms

§ 712.5

15 CFR Ch. VII (1–1–07 Edition)

specified in paragraph (b)(3) of this section if you anticipate that you will produce at your facility more than 100 grams aggregate of Schedule 1 chemicals in the next calendar year. If you are not already a declared facility, you must complete an initial declaration (see § 712.4 of the CWC) 200 calendar days before commencing operations or increasing production which will result in production of more than 100 grams aggregate of Schedule 1 chemicals.

(b) *Declaration forms to be used*—(1) *Initial declaration.* (i) You must have completed the Certification Form, Form 1–1 and Form A if you produced at your facility in excess of 100 grams aggregate of Schedule 1 chemicals in calendar years 1997, 1998, or 1999. You must have provided a detailed current technical description of your facility or its relevant parts including a narrative statement, and a detailed diagram of the declared areas in the facility.

(ii) If you plan to change the technical description of your facility from your initial declaration completed and submitted pursuant to § 712.3 or § 712.4 of the CWC, you must submit an amended initial declaration to BIS 200 calendar days prior to the change. Such amendments to your initial declaration must be made by completing a Certification Form, Form 1–1 and Form A, including the new description of the facility. See § 712.7 of the CWC for additional instructions on amending Schedule 1 declarations.

(2) *Annual declaration on past activities.* If you are subject to the declaration requirement of paragraph (a)(1) of this section, you must complete the Certification Form and Forms 1–1, 1–2, 1–2A, 1–2B, and Form A if your facility was involved in the production of Schedule 1 chemicals in the previous calendar year. Form B is optional.

(3) *Annual declaration on anticipated activities.* If you anticipate that you will produce at your facility in excess of 100 grams aggregate of Schedule 1 chemicals in the next calendar year you must complete the Certification Form and Forms 1–1, 1–4, and Form A. Form B is optional.

(c) *Quantities to be declared.* If you produced in excess of 100 grams aggregate of Schedule 1 chemicals in the

previous calendar year, you must declare the entire quantity of such production, rounded to the nearest gram. You must also declare the quantity of any Schedule 1, Schedule 2 or Schedule 3 precursor used to produce the declared Schedule 1 chemical, rounded to the nearest gram. You must further declare the quantity of each Schedule 1 chemical consumed or stored by, or domestically transferred from, your facility, whether or not the Schedule 1 chemical was produced by your facility, rounded to the nearest gram. In calculating the amount of Schedule 1 chemical you produced, consumed or stored, count only the amount of the Schedule 1 chemical(s) in a mixture, not the total weight of the mixture (i.e., do not count the weight of the solution, solvent, or container).

(d) For the purpose of determining if a Schedule 1 chemical is subject to declaration, you must declare a Schedule 1 chemical that is an intermediate, but not a transient intermediate.

(e) *“Declared” Schedule 1 facilities and routine inspections.* Only facilities that submitted a declaration pursuant to paragraph (a)(1) or (a)(2) of this section or § 712.4 of the CWC are considered “declared” Schedule 1 facilities. A “declared” Schedule 1 facility is subject to initial and routine inspection by the OPCW (see part 716 of the CWC).

(f) *Approval of declared Schedule 1 production facilities.* Facilities that submit declarations pursuant to this section are considered approved Schedule 1 production facilities for purposes of the CWC, unless otherwise notified by BIS within 30 days of receipt by BIS of an annual declaration on past activities or annual declaration on anticipated activities (see paragraphs (a)(1) and (a)(2) of this section). If your facility does not produce more than 100 grams aggregate of Schedule 1 chemicals, no approval by BIS is required.

(g) *Withdrawal of Schedule 1 initial declarations.* A facility subject to §§ 712.3, 712.4 and 712.5 of the CWC may withdraw its initial declaration at any time by notifying BIS in writing. A notification requesting the withdrawal of the initial declaration should be sent on company letterhead to the address

in § 711.6 of the CWC. BIS will acknowledge receipt of the withdrawal of the initial declaration. Facilities withdrawing their initial declaration may not produce subsequently in excess of 100 grams aggregate of Schedule 1 chemicals within a calendar year unless pursuant to § 712.4.

§ 712.6 Advance notification and annual report of all exports and imports of Schedule 1 chemicals to, or from, other States Parties.

Pursuant to the Convention, the United States is required to notify the OPCW not less than 30 days in advance of every export or import of a Schedule 1 chemical, in any quantity, to or from another State Party. In addition, the United States is required to provide a report of all exports and imports of Schedule 1 chemicals to or from other States Parties during each calendar year. If you plan to export or import any quantity of a Schedule 1 chemical from or to your declared facility, undeclared facility or trading company, you must notify BIS in advance of the export or import and complete an annual report of exports and imports that actually occurred during the previous calendar year. The United States will transmit to the OPCW the advance notifications and a detailed annual declaration of each actual export or import of a Schedule 1 chemical from/to the United States. Note that the advance notification and annual report requirements of this section do not relieve you of any requirement to obtain a license for export of Schedule 1 chemicals subject to the EAR or ITAR or a license for import of Schedule 1 chemicals from the Department of Justice under the Alcohol, Tobacco, Firearms and Explosives Regulations in 27 CFR part 447. Only “declared” facilities, as defined in § 712.5(e) of the CWC, are subject to initial and routine inspections pursuant to part 716 of the CWC.

(a) *Advance notification of exports and imports.* You must notify BIS at least 45 calendar days prior to exporting or importing any quantity of a Schedule 1 chemical, except for exports or imports of 5 milligrams or less of Saxitoxin—B (7)—for medical/diagnostic purposes, listed in Supplement No. 1 to this part

to or from another State Party. Advance notification of export or import of 5 milligrams or less of Saxitoxin for medical/diagnostic purposes only, must be submitted to BIS at least 3 calendar days prior to export or import. Note that advance notifications for exports may be sent to BIS prior to or after submission of a license application to BIS for Schedule 1 chemicals subject to the EAR and controlled under ECCN 1C351 or to the Department of State for Schedule 1 chemicals controlled under the ITAR. Such advance notifications must be submitted separately from license applications.

(1) Advance notifications should be on company letterhead or must clearly identify the reporting entity by name of company, complete address, name of contact person and telephone and facsimile numbers, along with the following information:

- (i) Chemical name;
- (ii) Structural formula of the chemical;
- (iii) Chemical Abstract Service (CAS) Registry Number;
- (iv) Quantity involved in grams;
- (v) Planned date of export or import;
- (vi) Purpose (end-use) of export or import (i.e., research, medical, pharmaceutical, or protective purposes);
- (vii) Name(s) of exporter and importer;
- (viii) Complete street address(es) of exporter and importer;
- (ix) U.S. export license or control number, if known; and
- (x) Company identification number, once assigned by BIS.

(2) Send the advance notification by facsimile to (703) 235-1481 or to the following address for mail and courier deliveries: Treaty Compliance Division, Bureau of Industry and Security, Department of Commerce, 1555 Wilson Boulevard, Suite 700, Arlington, VA 22209-2405, Attn: “Advance Notification of Schedule 1 Chemical [Export] [Import].”

(3) Upon receipt of the advance notification, BIS will inform the exporter or importer of the earliest date after which the shipment may occur under the advance notification procedure. To export a Schedule 1 chemical subject to an export license requirement either
